

Future State: Standardized Vendor Data Onboarding Process (PTN)

Phase 6 — Automated summary extraction + standing service dashboards

Vendor

Vendor exports & submits monthly data per standardized intake specification (SFTP)

IT / Data Integration

Automated validation & summary extraction (per mapping spec)
□ Standardized — no shared dictionary gap

Vendor detail data structured & stored for dashboard feeds

Analytics & Reporting Team

Analytics reviews auto-generated summary; QAs exception-flagged records only
□ ~1-2 days (down from 6-8)

Team Lead / Director

Team Lead / Director reviews & approves report

Ministry of Health

Monthly report submitted to Ministry of Health

Program / Service Teams

Program teams access standing dashboards (Virtual Visits, Telehealth, RPM)
□ No more ad hoc IT pulls

□ Resolves a current-state pain point
